**Advice to Mothers**  
Have you had baby's photograph taken?  
It's an art to take baby's photograph as it should be taken. To catch the regular life of the baby, the little dimple, such photographs become precious remembrances of babyhood's days in years to come. We have had years of experience in photographing children. They always look their best when we take them. No troublesome posing. Snap them in a jiffy.
